

AFTER EVERY EXERCISE

CUTICURA SOAP

Assisted by Cuticura Ointment is essential for the toilet and bath because it does so much to allay irritation, redness and roughness of the face and hands, remove dust and grime and keep the skin soft and clear under all conditions of exposure.

Cuticura Soap and Ointment sold throughout the world. Liberal sample of each mailed free, with 35¢ box. Address "Cuticura," Dept. 170, Boston.

For Man who shaves and shampoo with Cuticura Soap will add it best for skin and scalp.

PRISONER STARTS TROUBLE

Sailor Creates Commotion When Fined in Police Court.

Because he was fined \$100 for carrying a concealed weapon, a razor, John McElroy, a sailor, who said his home was in Norfolk, became angry when sent to the prisoners' pen in Police Court yesterday morning, and with many oaths started in to "beat up" his fellow captives. The commotion he caused was so great that it was necessary for him to be removed at once to the City Jail.

Samuel Jones, colored, was fined \$25 and costs for assaulting Eliza Clarke, and for being drunk and recklessly driving a team.

The charge against J. H. Goss of entering the office of J. S. Edgar, 224 East Broad Street, was dismissed.

John Davis, colored, was held for the grand jury on the charge of feloniously assaulting Robert Lee.

TO REPRESENT VIRGINIA

Giles B. Jackson and Mattie L. Walker Go to Negro Exposition.

Giles B. Jackson, a colored lawyer, and Mattie L. Walker, president of St. Luke's Bank, a negro institution, have been appointed by Governor Mann to represent Virginia at the opening of a negro exposition in New York. The exposition has been in preparation for some time, the colored people of New York State having inaugurated the movement to observe the fiftieth anniversary of the Emancipation proclamation. The State appropriated \$25,000 and created a commission to aid in the holding of the exposition from October 22 to October 31 in New York City.

COLORED SECTION TO HAVE NEW PARK

Committee Unanimously Recommends Project to City Council.

NEGRO LEADERS ARE DIVIDED

Proposed Location Is Between Seventh, Fifth, Hospital and Federal Streets.

With prominent colored citizens appearing for and against the project, the Council Committee on Public Buildings, Properties and Utilities voted unanimously last night for the establishment of a park to be located in the colored quarter in the northern section of the city.

The matter was before the body in the form of a report of a subcommittee composed of Aldermen Mitchell and Councillmen Pollard and Atkinson, recommending that the city acquire for park purposes the Smith's Hill property, bounded on the east by Seventh Street, on the west by the alley between Fifth and Sixth streets, on the north by Hospital Street, and on the south by Federal Street and Federal Street, extended.

Adopting a motion made by Alderman Milley, the committee recommended to the Council a resolution directing the City Attorney to acquire the property. The plot has an area of about four square blocks. Much of it already belongs to the city. The remainder, according to Alderman Mitchell, can be acquired for about \$30,000.

Opposed by Stokes, Dr. W. H. Stokes, pastor of Ebenezer Baptist Church, presented a petition signed by 200 colored citizens protesting against the location of a park at all points. He supplemented the paper with a statement of his own. The majority of the race, he said, had no time to spend in parks, and needed cleaner streets, better sewerage and better housing. The site, he thought, was particularly objectionable because of the open sewer of Shockoe Creek, the adjacent city dumps and the smoke from the Locomotive Works.

Dr. James E. Jackson and E. Payne elaborated on the crowded and unsanitary living conditions in Jackson Ward, and urged that instead of spending money on a park which only the less industrious element of the race would use, the Council install street improvements and construct public baths and tuberculosis camps.

Dr. Jackson also spoke against the location of a park at the site proposed, which would be another link in the chain of segregation.

Giles B. Jackson for Park. Attorneys Giles B. Jackson and J. R. Pollard, who presented the petition, without qualification. If Jackson Ward is overcrowded, they held, there was all the more reason to provide an open place in which its residents could breathe. The placing of a park in that locality, they agreed, would help property values in the vicinity and would tend to improve conditions generally.

Attorney Pollard thought that most of the opposition to the park came from those who feared its bearing on segregation. He was opposed himself to the segregation idea, he said, but did not see that the proposed park would impair any of the colored man's rights.

W. C. Carpenter, representing the Highland Park Citizens' Association, opposed the placing of a colored park in the Smith's Hill locality, on the ground that it would congest the Seventh Street car line and make travel inconvenient for residents of northern white suburbs.

WILL LOOK INTO GAS WORKS LEASE

Pollock and Ratcliffe to Investigate for Committee—Framing New Smoke Ordinance.

The offer of the Southern Gas and Electric Company to lease the City Gas Works for a term of thirty years at \$146,000 a year, was last night referred for report by the Council Committee on Public Buildings, Properties and Utilities to a subcommittee composed of Councillmen Ratcliffe and Pollock.

The committee tabled for consideration at the next meeting a resolution recommending an appropriation of \$25,000 for the remodeling and improvement of the City Auditorium. The decision was directed to notify J. G. Corley, president of the Wednesday Club, and others who are interested in the matter of the committee's action.

Councillman Lumsden's proposal that the city acquire the Marshall Street Viaduct was laid on the table for further consideration. A request from St. Andrew's Association, which is operating a bath-house for the benefit of the public, for free water and gas, was referred to Alderman Mitchell for investigation and conference with the heads of the city departments affected.

A subcommittee composed of Councillmen Atkinson and Pollard was appointed to confer with the City Attorney with the view of framing an effective anti-smoke ordinance. The action was taken after reading a communication from the Mayor, calling attention to the smoke nuisance.

The committee recommended to the Council for adoption a resolution requesting the city's representation in the next General Assembly to urge the adoption of a special grant authorizing the rounding off of the northwest corner of the Capitol Square, to conform to the condition that exists at the southwest corner.

The recommendation from the Dock, River and Harbor Committee that the city acquire the old Clyde Line Wharf, was referred to a subcommittee composed of Alderman Ratcliffe and Councillmen Pollock and Ratcliffe.

FERRANDINI INJURED

Member of City Democratic Committee Hurt in Runaway Accident.

Frank Ferrandini, a member of the City Democratic Committee, is confined to his bed by injuries sustained in a runaway accident.

home, 415 North Fifth Street, suffering from a severely bruised leg and other injuries, which he received in a runaway accident on Monday night near Albee's. Mr. Ferrandini was summoned to Ferrandini's Studio, near Albee's, on account of the illness of his father. It was necessary for him to drive about a mile to reach his home, and while on route the horse became frightened and ran away. Mr. Ferrandini was thrown out and fell with considerable force, injuring his knee. He was brought to Richmond yesterday morning. While his condition was not regarded as serious, it was said last night that he was suffering a great deal from pain.

BUILDING PERMITS.

Building permits were issued yesterday as follows:
A. F. Dickerson, to build a detached two-story frame dwelling at the west side of Decker Street, between Blakey and P Streets, at a cost of \$2,000.
L. M. Kirby, to repair frame dwelling at 55 Decker Street, at a cost of \$250.
H. C. Rowland, to repair brick store at 115 North Eleventh Street, at a cost of \$100.
John B. Welch, to repair brick dwelling at 298 East Marshall Street, at a cost of \$25.

MRS. RIVERS DISCLOSES SECRET

Matter Didn't Prove Experiment After All, and She Now Makes It Public

Mineral Springs, Ark.—In a letter from this place, Mrs. J. M. Rivers says: "If it had not been for Cardui, the woman's tonic, no doubt I would have been in my grave."

I was sick all of the time for ten years, and took medicines constantly. I suffered terribly. At last I decided I would just try Cardui on my own hook, and kept it a secret. It was certainly a God-send to me. Since taking it I have no pain whatever, feeling good, and can wrestle with my 16-year-old son. In fact, I don't feel over 16 myself. Am as happy as a lark. When I began taking Cardui I only weighed 101 lbs. Now I weigh 117½ lbs., and am going to continue taking Cardui until I weigh 135.

I just can't say enough for Cardui, and I believe if all women who suffer from womanly troubles would take it there would be more happy homes."

Using Cardui is no experiment. It has stood the most severe of all tests—the test of time. Cardui has been in use for over half a century, and in this time has benefited more than a million women. It is composed of purely vegetable ingredients, which have been found to build up the vitality, tone up the nerves, and strengthen the womanly constitution.

That it has helped others is the best of proof that it will help you. Try Cardui.

N. B.—Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 64-page book, "Treatment for Women," sent in plain wrapper.—Advertisement.

HOSPITAL OFFER GOES TO COUNCIL

Committee Recommends That City Accept Virginia and Old Dominion.

NO OPPOSITION EXPECTED

Report Shows Urgent Need of Proper Equipment, Not to Be Had at City Home.

Acceptance by the city of the Old Dominion and Virginia Hospitals was recommended to the Council last night by the Committee on Public Buildings, Properties and Utilities. These institutions are to take the place of the City Home Hospital, and are to be used until the city erects a modern public hospital. The report of the subcommittee, which has given much time to the question, was unanimously approved.

Alderman Powers thought it would be advisable to include in the resolution, which the Council will be asked to adopt, a clause covering the question of lease, but agreed with the other members that the matter of drafting up a contract between the city and the Medical College of Virginia had better be left to the committee and the City Attorney. President Mitchell, of the Medical College of Virginia, told the subcommittee at a former hearing that it would agree to a lease for any number of years that the city may desire.

The report submitted last night by the subcommittee sets forth in detail the considerations that impelled it to make the recommendation, and was signed by its five members. The resolution accompanying it was adopted without change.

Copy of Report. The full report with its accompanying recommendation, follows:

Your subcommittee, appointed August 27, 1913, to whom was referred: First, Resolutions and resolution as to the advisability of erecting an up-to-date and modern city hospital on a suitable site on City Home property (transmitted from Board of Aldermen August 19, 1913);

Second, Resolution recommended by the Administrative Board to appropriate the sum of \$5,000 for a contagious ward in rear of the Colored City Home Hospital (transmitted from Common Council July 7, 1913);

Third, Communication from L. Z. Morris, chairman of the executive committee of the Medical College of Virginia, tendering, on behalf of said committee, to the city, without cost, the use of the Virginia and Old Dominion hospitals as a city home property, to return all of said papers herewith and to report and recommend, after conference with members of the Administrative Board and representatives from the Medical College of Virginia, and inspecting the two hospitals offered to the city by said college as well as the City Home Hospital, the offer of the said executive committee of the Medical College of Virginia be approved.

Your subcommittee is encouraged to recommend the acceptance of this offer, which it will insure immediate relief from congested conditions at the City Home and provide suitable buildings, centrally located, with ample accommodations for the care and treatment of the sick poor of both races separate and distinct from the City Almshouse.

It is conceded that the city actually needs a thoroughly equipped, modern city hospital, but that the time is ripe for that undertaking, we should not hesitate to secure for the sick poor of this community the improved facilities offered at this time by the Medical College of Virginia.

Patents and Cost. According to figures obtainable, it appears that the average number of patients in the City Home Hospital numbers 118, and that the average cost for maintenance, per patient, per day, amounts to 65 cents, or 76 cents if the ambulance service is included.

We are informed by Dr. George Ben Johnston, chief of the visiting medical staff of the City Home, who from his intimate knowledge of hospital conditions in Richmond, is in a position to speak advisedly, that the cost per patient, if cared for by the city at the Virginia and Old Dominion Hospitals, should not exceed \$1.00 per day per patient, and this, too, for greatly improved accommodations, nursing and medical and surgical attention; and further, that at least 250 patients can be cared for in said hospitals conveniently.

It is clear that the Medical College of Virginia in making this offer to the city has reason to expect that the acceptance thereof will mutually benefit both. The college is an integral part of the life of our city and deserves to be recognized as one of its commercial assets. If Richmond is to become a great medical center, as we hope it is destined to do, we should foster the interests of the college and assist in enlarging its scope of usefulness.

A review of the foregoing your subcommittee respectfully begs leave to submit and recommend for your approval and recommendation to the Council, the accompanying preambles and resolution marked "A," accepting the offer of the executive committee of the Medical College of Virginia referred to herein.

Very respectfully,
(Signed)
G. K. POLLOCK, Chairman.
H. W. MELTON,
JOHN J. MITCHELL,
JAMES J. POLLARD,
CLYDE H. RATCLIFFE,
Subcommittee.

Agrees to Accept Offer. Following is the resolution providing for the acceptance of the hospitals:

Whereas the present City Home lacks proper accommodations to operate a city hospital with any great degree of success in connection with a home for the indigent and aged, and

Whereas the separation and segregation of these two departments appears to be not only necessary, but timely and particularly desirable as a remedy for an unfortunate condition that has existed at the City Home too long already; and

Whereas the executive committee of the Medical College of Virginia, in their desire to bring relief to the situation at the City Home, has submitted an offer to the city of Richmond tendering, without cost, the Virginia Hospital, located at the northeast corner of Clay and Eleventh Streets, equipped and capable of accommodating about 125 white patients, and the Old Dominion Hospital, located on Marshall Street, near Thirteenth Street, unfurnished, but capable of accommodating about seventy-five colored patients; also, the two buildings located at Nos. 1220 and 1222 East Broad Street as a home for nurses; and

Whereas the central location of these two hospitals affords exceptional advantages in handling quickly all emergency cases, both as regards its convenient accessibility to the danger zones of the city and the convenience and

speedy attention of the staff surgeons and physicians who are called in all such cases; now, therefore, be it

Resolved by the Council of the city of Richmond (the Board of Aldermen concurring):

1. That the offer of the executive committee of the Medical College of Virginia to allow the free use of the Virginia and Old Dominion Hospitals for the operation by the city of a public hospital, together with the buildings at Nos. 1220 and 1222 East Broad Street as a home for nurses, herewith accompanying, be, and the same is hereby accepted.

2. That the Committee on Public Buildings, Properties and Utilities be, and is hereby, authorized, with the advice of the City Attorney, to enter into an agreement, to be prepared by him, with the said executive committee of the Medical College of Virginia, for the occupancy of aforesaid buildings by the city of Richmond for hospital purposes.

CONSIDER CLEAN-UP LAW

Finance Committee Will Hold Public Hearing on October 30.

The Council Committee on Finance last night decided to hold a public hearing on the Unlawful "Clean-up" ordinance on October 30. The measure was committed by the Board of Aldermen for report on the cost of operation of the plan. The committee set the same date for consideration of the request of the Gas Department for an additional appropriation of \$27,000 to meet increases in cost of coal and oil.

A resolution was recommended to

the Council for adoption appropriating \$25,000 to repair the Lombardy Street bridge over the Seaboard Air Line Railway tracks.

WASHINGTON IS UNPATRIOTIC

Ex-Sergeant, Who Stands When National Air Is Played Elected.

(Special to The Times-Dispatch.) Washington, October 21.—Washington, the capital of the United States, is the most unpatriotic city in America, according to J. Frank Wahl, formerly a sergeant in the National Guard of the District of Columbia.

Wahl stated to-day that because he stood up when the "Star-Spangled Banner" was played in a local theatre last Sunday, he was elected. His story became known when the ex-sergeant sought advice as to possible legal redress.

MISS MARY LATHBURY DEAD

Orange, N. J., October 21.—Miss Mary A. Lathbury, writer of many familiar hymns, author of books for children, artist and social worker, died to-day at her home in East Orange.

Miss Lathbury co-operated with Rev. Edward Everett Hale in the organization of the "Ten Times One" clubs, and with Bishop John H. Vincent, father of the Chautauque movement, in work for that organization. She was seventy-two years old.
